Proposed Budget 2017/18

Please write your Budget submission here.

The set out of the Budget information is not user friendly. It needs to be in the form of ONE statement showing all the budget lines and compared to the budget amounts allocated for the previous year. The Council should cease all expenditure on any health related items. There are several more appropriate service providers that van carry out these services. Council should start NOW in negotiating with other health providers to take over what the Council has provider to date. Library services are poor when compared to other councils, more can and should be done, instead of spending so much money on youth services. Access to more interesting library services for youth should be a priority.
