Dear Laura,

RE: RE: Cultural Heritage Requirements - Properties in South East Growth Precinct Kilmore Structure Plan

Having reviewed the information you have provided; I can confirm that there are some statutory Aboriginal cultural heritage requirements for two of the properties listed below.

If we regard each property separately, the following conditions apply:

| Property                   | Trigger  | Requirement    |
|----------------------------|--|----------------|
| 1550 Northern Highway      | Yes, in Area of Aboriginal Cultural Heritage Sensitivity | Mandatory CHMP |
| 5 Mclvor's Road            | No   | None           |
| 65 Graves Street           | Yes, in Area of Aboriginal Cultural Heritage Sensitivity | Mandatory CHMP |
| 15 Mclvor's Road           | No   | None           |
| 25 Mclvor's Road           | No   | None           |
| 45 Mclvor's Road           | No   | None           |
| 50 Mclvor's Road           | No   | None           |
| 15 Wandong Road            | No   | None           |
| Tootle Street (1\LP213736) | No   | None           |
| 105 Wandong Road           | No   | None           |
| 200 Quinns Road            | No   | None           |
| 210 Quinns Road            | No   | None           |
| 45 Wandong Road            | No   | None           |

In your email, you have indicated that Mesh will be lodging a planning (subdivision) application once the land is rezoned by council.

The three (3) lots that are the subject of that planning application are highlighted in yellow in the table above. There are no Aboriginal cultural heritage issues associated with any of the 3 highlighted lots, so there are no Aboriginal heritage constraints on that land.

In response to your question regarding future planning processes and any Aboriginal heritage requirements, the two (2) properties highlighted in red in the table above are intersected by Areas of Aboriginal Cultural Heritage Sensitivity. Any application to subdivide these blocks will trigger a requirement for a mandatory CHMP.

If these two (2) lots are combined with other lots in a single subdivision application, any CHMP requirements will then (most likely) apply to the aggregated total land area.

Yours faithfully

A handwritten signature in black ink, appearing to read 'Shaun Canning', with a stylized flourish at the end.
