

Amending or Ending a Section 173 Agreement

How to Amend or End a Section 173 Agreement

You are able to apply to Mitchell Shire Council to amend or end a Section 173 Agreement on a land title.

Depending on the complexity of the Agreement, the amending/ending proposal will be dealt with by Council officers and may be referred to Council's solicitors if required.

Interested parties to the Section 173 agreement may be notified of the proposal, as applicable.

If the proposal to amend or end a Section 173 Agreement is supported, you will be issued with a letter of Council's decision and Form 19 to take to the Land Titles Office to register.

Section 178(a-i) of the Planning & Environment Act sets out the process for proposal to amend or end an agreement. www.austlii.edu.au/au/legis/vic/consol_act/paea1987254/s178a.html

What fees are involved with a Section 173 Agreement?

Council charges an application fee (refer to current statutory planning fee schedule) to cover the administrative costs associated with considering Section 173 agreements. If Council's solicitors are required to be consulted, you will be responsible for covering any such costs additional to the application fee - you will be provided with an estimate of costs prior to any review being undertaken.

Registration of a change to a Section 173 Agreement

Any change to a Section 173 Agreement must be registered on the title to the land to which it applies. This ensures that all future land owners are aware of, and bound by, the requirements of the Section 173 Agreement. It is the applicant's responsibility to ensure that the Agreement is registered at the titles office in a timely manner.

What is a Section 173 Agreement?

A Section 173 Agreement is a legal contract made between Council and another party or parties under Section 173 of the Planning and Environment Act 1987.

A landowner is normally the other party to the Agreement, while in some cases a third party, such as a referral authority, may also be involved.

An agreement provides for continuous restrictions or on-going requirements on the use or development of the land.
